***** Serving the Tri-County Harrisburg, PA Area *****

Thank you for contacting Loving Care Cat Rescue. We are a foster-based rescue which means we have no facility and rely solely on foster home availability. We receive multiple requests daily to take in cats and kittens, and as a result all our foster homes are currently very full. Although we are unable to be of assistance at this time, please take a moment to complete the information below in the event we do have an opening and can be of assistance.

Please note: If you are contacting us regarding a stray, particularly if friendly, there is a good chance that the kitty is lost. Please do the following to attempt to find the owner:

1. Take the cat to a local veterinarian or shelter to scan for a microchip.
2. Review the LOST animals listed on Facebook Page... "Find Toby in PA." If not listed, please list as found. This site has a strong following and there is a good chance the owners have listed the cat as lost. Or will see your Found listing.
3. Also, www.Pawboost.com and www.lostmykitty.com are good resources for handling lost/found cats.
